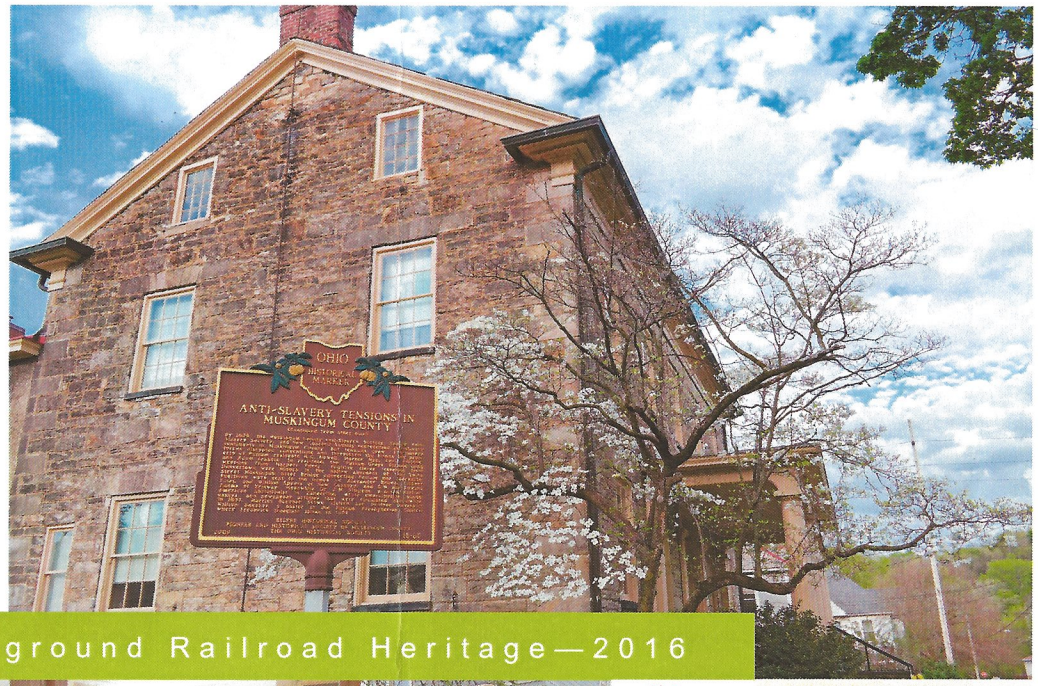
Life - $300



"Lectured. Mob came, broke windows [and] doors, tore off the gate, attacked me with stones and clubs ..."

Abolitionist Theodore D. Weld describing his experience at the Stone Academy in 1835.

Exploring Our Underground Railroad Heritage—2016

Our Core Belief

An understanding and appreciation of our heritage is essential to maintaining a unique and meaningful identity as a community.

Our Mission

Celebrate and preserve the history of Muskingum County and its people to assure that our historic legacy is passed on to future generations.

A message from our board president ...

I am writing to encourage you to support us in our 2016 membership drive.

This past year we partnered with OnTheSamePageMuskingum to present 18 programs and distribute books about our Underground Railroad heritage. Approximately 700 local residents participated by reading, attending programs, and participating in activities and events. We look forward to providing excellent programming for the community in 2017 as well as continuing to offer museum experiences for our community and the traveling public. This is where you come in.

A significant portion of our Muskingum County History budget is composed of memberships and annual giving, and your generosity in both catagories really does make a difference. Membership dues support our programming efforts, operating our museums, and the preservation of our collections of historic artifacts.

For more information, email Jim Geyer at director@muskingumcountyhistory.org or call us at 740-454-9500.

Sincerely,

Mitch Taylor
